Comcast will invest \$1 billion over the next 10 years to reach 50 million people to provide them the tools and resources they need to get ahead in our digital world. We will continue to work to close the digital divide, while we sharpen our focus on programs that provide media and technology skills training that can lead to economic mobility.

To learn more about how we have evolved to serve our communities over the years, as well as through the ongoing pandemic, we invite you to view our 2021 Internet Essentials Progress Report. We're immensely proud of everything Internet Essentials has accomplished - and we could not have done it without our community partners across the country.

Students receiving a Federal Pell Grant can use their Financial Aid Award Letter as proof of eligibility for Internet Essentials. Expanding Internet Essentials eligibility to include Federal Pell Grant recipients brings our eligibility more fully in line with the federal government's Emergency Broadband Benefit (EBB) eligibility, but also is a permanent, structural change to the eligibility for our program. So, students can rest assured that they will be able to either have Internet service for free under EBB or for a heavily discounted price of just \$9.95/month.

More Details about how customers can sign up are available at www.xfinity.com/EBB
